

**A soluble liquid fertiliser formulated for foliar application to meet the nutritional needs of maize and other crops**  
 440 g/l phosphorus (P<sub>2</sub>O<sub>5</sub>), 74 g/l potassium (K<sub>2</sub>O), 59 g/l magnesium (MgO), 30 g/l zinc (Zn)

#### RATES OF USE AND TIMING

**Maize:** Apply 2.5 - 5.0 l/ha in at least 200 litres of water, apply when maize has a minimum of 4 - 6 leaves. Apply the higher rate to crops with a greater leaf canopy.

**Cereals:** Apply 5 l/ha in at least 200 litres of water at tillering and repeat at 10 - 14 day intervals as required. An application between ear emergence and the end of flowering may also be beneficial.

**Oilseed rape:** Apply 5 l/ha in at least 200 litres of water. Apply in the Autumn when the crop has 6 - 8 leaves and repeat in the Spring at early stem extension

**Peas and beans:** Apply 5 l/ha in at least 200 litres of water when the crop is 10 - 15 cm high and repeat after 10 - 14 days.

**Sugar beet:** Apply 5 l/ha in at least 200 litres of water at the 4 - 6 leaf stage. Repeat as 10 - 14 day intervals as required.

Do not apply this product in very bright sunlight or in temperatures above 25°C. If possible, spray in the evening or early morning for best results.

#### APPLICATION

**Shake the container well before opening and use.**

Spray equipment should be clean.

Half fill the spray tank with water, begin agitation and add the required quantity of Peloton. Rinse the container thoroughly, add the rinsings to the spray-tank, complete the filling and apply without delay. Maintain agitation throughout. Clean sprayer thoroughly after use.

Guard 2000® can be added at 0.1 %v/v of water volume to improve spray retention and rainfastness.

#### COMPATIBILITY

Peloton is physically and chemically compatible with a wide range of agrochemical products. Consult your supplier for the latest information. Up-to-date information is available at [www.headland-ag.co.uk](http://www.headland-ag.co.uk). Always read the label of the partner product carefully before mixing with Peloton.

#### STORAGE

**Protect from frost. Store above 5°C.**

Keep in cool, well ventilated suitable store. Do not store in direct sunlight or near direct sources of heat. Keep out of reach of children. Keep away from food, drink and animal feedstuffs.

#### SAFETY PRECAUTIONS

H314: Causes severe skin burns and eye damage.  
 H411: Toxic to aquatic life with long lasting effects.

#### Danger

P264: Wash hands thoroughly after handling.

P273: Avoid release to the environment.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P303+361+353: IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water/shower.

P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P501: Dispose of contents/container to hazardous waste disposal facility/company.

Contains: ORTHOPHOSPHORIC ACID

Batch No: see neck of the bottle.
